Position Summary

BVCC is currently recruiting for full time **Mining Lab Technicians** working at the Myra Falls on-site laboratory on Vancouver Island. Reporting to the Mining Lab Manager, this position performs duties related to the preparation and processing of ore samples, including sample preparation, Wet Assay and Fire Assay analysis as well as other analytical processes as required. Training will be provided in Vancouver main laboratory. This position is based in a mine site facility and will follow a staggered work schedule.

Duties and Responsibilities

- All stages of sample preparation including receiving and entering samples into the LIMS system
- Laboratory related tasks such as digestion, fusion by Classical Assay and Fire Assay methods
- Analysis of samples (operating AA and ICP-OES instrumentation) and review of data
- General house keeping
- Comply with all company policies, OHS regulation, lab safety procedures and applicable Quality System SOPs
- Other tasks as assigned or required from time to time

Experience and Qualifications:

- Minimum completion of college or technical diploma in Chemistry or Science
- Minimum one (1) to two (2) years' experience in laboratory environment preferred
- Some experience with operating Fire Assay, AA or ICP-OES instrument an asset
- Ability to handle heavy loads up to 50 lbs
- Familiarity with chemicals and laboratory procedures
- Ability to multitask with minimal supervision
- Knowledge of occupational health and safety regulations an asset
- Experience with computer operations required

Remuneration:

- Starting wage of \$25.00 per hour
- Eligible for Extended Benefit Plan after 3 months employment
- Accommodations and meals provided by mine while on mine site
- Accommodations provided while training in Vancouver with meal subsidies

All interested candidates should forward both resume and cover letter by email, quoting reference **MSLT_1904** to: hrdept@ca.bureauveritas.com
